OUR MISSION

Our mandate is to preserve the integrity of the lake and to keep it healthy and safe.

LSFX represents the people who live on Lac Saint-François-Xavier in Quebec, whether seasonally or year-round.

The mission of the Lake Association is to preserve and improve the quality of the environment around the lake for present and future generations.

At LSFX, we cherish tranquility, peace and privacy. We are passionate about water sports, hiking and biking.

Our goal is to keep our lake and surrounding area safe, clean, healthy and enjoyable for everyone. To accomplish our mission, as a community, we need a strong membership base.
